

PRIVATE MEMBERSHIP

By joining the Ring as a new private member the following benefits are available to you:

● FUEL BROKERING

Commodity pricing and purchase is an increasingly important service to the BMR Membership. Prices are currently obtained from all the relevant suppliers by either phone or fax.

Our main commodity is Fuel; through a simple fax back system we can contact all the major fuel suppliers in the area and pick out the best quote for our members. Not only is this an excellent way of getting the best possible price but it also saves you time as we do all the work!

● BUILDING SUPPLIES

BMR now has accounts at several builders' merchants and suppliers. All you need to do is order your goods and ask for it to be put on the BMR account. The merchant will phone us for an order number and then process the sale through our account at a discounted rate.

Alternatively phone the office and ask us to obtain a quote on all your building materials and drainage equipment.

PRIVATE MEMBERSHIP

Savings on all these commodities can be achieved and with the added convenience of being billed directly through BMR, there is no need to hold multiple accounts you hardly use.

● SAVE ON YOUR LANDLINE PHONE BILLS

In partnership with local firm GB Telecom (Scotland) Ltd., we can now offer discounted call charges, line rental and broadband. Many of our members have already joined and are making significant savings. Why not contact us and find out what you could be saving on your current bill.

● VODAFONE AND ORANGE MOBILE PHONE DEALS

BMR can now offer substantial savings on mobile phone bills. We have access to an exclusive members only corporate package of line rental and reduced call rates.

There are real savings to be made on your bill. Corporate rates are notably cheaper than the High Street options. Changing your existing account over is easy and you can take your own number with you.

PRIVATE MEMBERSHIP

● LABOUR NEEDS

BMR can help you, as a private member, with all your casual or more job specific labour needs.

We can source experienced and reliable gardeners, landscapers, dykers, fencers, plumbers, joiners etc. Let us help you with those 'odd jobs' that never seem to get done!

● STRAW/HAY/FEED SUPPLY

If you have any demands for straw or feed let the ring know and we can source and supply for you.

● HOW TO JOIN

Why not phone our office for more information and membership forms, or visit our website at www.ringleader.co.uk

BORDERS MACHINERY RING

BMR, the first Machinery Ring to be formed in the UK (1987) by 23 farmers, has the aim of rationalising labour, machinery and input costs.

There are now currently 10 rings in Scotland and 15 in England and Wales.

Since 1987 BMR has grown to over 700 members, offering an increased range of benefits and services. These services can now be accessed by private individuals and householders.

Borders Machinery Ring Ltd (BMR), acting as agent for its members, aims to sustain and improve the financial viability of its members.

As we are an independent company we are at liberty to choose the best supplier in the market that offers the best deals and prices for your requirements.

Therefore you can rest assured that as a private member of BMR, we are working together with a group of suppliers to help provide you with the best service available for your needs.

Call now for more information on joining the Ring!
